# Hello! WELCOME *I'm Angelina*

I am completely in love with photography! I love how a photograph can capture a single moment in time and preserve it. I love how emotion, atmosphere, feelings, and a thousand words can be conveyed through a single image. And I love the sheer joy and creativity of working with couples to document their love story, beautifully and authentically.

## *About me*

I am so grateful that I have discovered my passion for photography! It hasn't always been a part of my life, and it was only when my second gorgeous child (I know, biased!) came along that I began to play creatively. Looking back, I think it was the exponential love that entered my life at that time that allowed me to experiment and play, and for this, I feel so blessed. During this time, I began to realise that there is more to life than survival. Photography has led me to so much beauty and taken me on a journey of growth, fostering a passion for creating storytelling imagery and helping others feel more comfortable in their own skin. I am truly grateful that you are here and I'm so looking forward to capturing your story.

I will capture a variety of shots, from wide-angle to close-up, to give depth to the story of the emotion, happiness, and anticipation of the day ahead.

## *THE ISLE/ THE CEREMONY*

During your ceremony, I'll capture the audience as they await your arrival, that first look, walking down the aisle, the giving away, your nuptials, the first kiss, and every special moment in between.

As you walk through the traditions and rituals of your special day. Everything is in hand and taken care of. I will be moving around as much as is possible in the location to capture the best possible angles and a three-dimensional view of your ceremony.

All you need to do is to relax and enjoy every second!

## *FAMILY/GROUP PORTRAITS*

I know that spending hours posing for group photos isn't the most exciting part of your wedding day. Once you've set your date, I'll get in touch to discuss who you'd like to include in your family and friends group shots. My aim is to make this process quick, smooth, and enjoyable, with a touch of fun and creativity. Together, we'll create beautiful images that will bring a smile to your face every time you look back on them.

I'll capture a variety of photos to ensure you have a beautiful collection. This will include both traditional and less conventional posed images, as well as candid shots to capture the true atmosphere of the group.

## *CAPTURED MOMENTS /CANDIDS*

In addition to capturing all your treasured, pinnacle, and traditional moments, I'll be there to document the little moments in between. As you go through your photos afterward, you'll be able to rediscover the atmosphere and connection of your day, reliving magical moments and perhaps even seeing some you may have missed in the bustle of everything happening around you.

While you enjoy each moment, I will quietly move among you and your guests, capturing candid images that add depth to the storytelling of your big day.

## *YOUR PORTRAITS AS NEWLY WEDS*

This is where we get to be creative and have fun capturing beautiful portraits of your first moments as a married couple. After the ceremony, I will have already found the best lighting and locations for your portrait shoot. As you spend some stolen moments together, I am excited to capture your love in timeless and stylish images.

I have plenty of creative ideas if you'd like more input from me, along with tips for gentle, natural poses to create beautiful images of the two of you. I will also capture candid portraits during these moments, ensuring you have a full and complete collection to look back on.

## *RECEPTION/ YOUR FIRST DANCE*

So, you've been covered in confetti, thrown your bouquet and watched it get caught, laughed and cried during the speeches, and enjoyed your wedding breakfast. Now, I'll be there to capture the fun of your first dance.

I love to move around the dance floor quietly in the background, documenting the fun, laughter, and dance moves of you as a newly married couple and all your guests. These candid images will complete your collection of storytelling photos from your wedding day. This is where I'll bid you farewell, leaving you to enjoy your first night together as a married couple while I begin editing your images.

## *CREATE A SHOT LIST TO SHARE WITH ME*

Rest assured, I'll have everything I've mentioned covered, so that you can relax knowing it's taken care of. After booking me as your wedding photographer, I'll reach out to discuss a shot list to ensure we capture everything you're dreaming of.

I'll also need a copy of your itinerary for the day to ensure I'm camera-ready for every event, big or small. I'll keep this with me, along with a shot list, and work quietly in the background to ensure we capture everything with ease and grace.

## *ALLOW ME TO GUIDE YOU*

Allow me to gently guide you towards natural light and angles that will make you look and feel your absolute best. I'm always open to creative suggestions from my couples, and I'll also make recommendations to prevent odd-looking shadows from detracting from the beauty of your images and ensure your skin tones remain true and vibrant.

If, like many, you're not fully confident in front of the camera, I have plenty of ideas and tips to keep you relaxed and looking your most natural and beautiful. Additionally, I offer an engagement shoot for you to practice, get to know me, feel more comfortable, and for me to understand how you prefer to appear in your images.

## *RELAX AND ENJOY YOUR SPECIAL DAY*

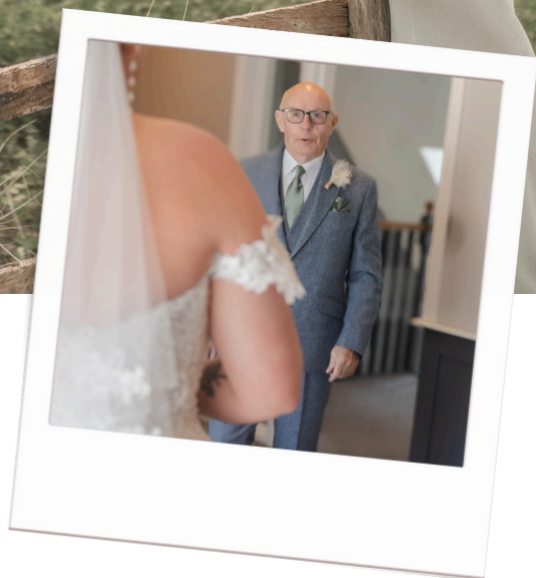

My highest intention is for you to relax and be fully present, enjoying each moment. My goal is to capture images that you'll love to look back on and cherish forever. I'm open to creative and unique ideas that make your special day entirely yours. It's an honour to be a part of it all.

## *the* FIRST LOOK *moment*

You might feel drawn to the modern twist of a first look, where you and your fiancé can share an intimate moment before the ceremony. Whether it's in a scenic location or just around a corner or behind a door to maintain the surprise, this approach adds a special touch to your wedding day.

A first look doesn't have to happen right before you walk down the aisle; many couples choose to have a first look a few hours before the ceremony. Seeing each other earlier in the day allows for group, family, and wedding party photos to be taken beforehand. This means you won't have to spend as much time away from your guests and party later in the day.
